

MyPURPOSE, the Commonwealth's Unified Talent Management Suite, provides a single, integrated system for employees and contractors (if, within KHRIS) to search/apply for jobs, complete training, and join MyCOMMUNITY networking forums. Soon, MyPURPOSE will include Performance Management and Onboarding modules enabling employees to complete annual performance plans and evaluations and facilitate a consistent enterprise onboarding process.

Employee recognition is an important part of HR talent management because it:

- Shows employees that their work is valued and appreciated
- Gives employees a sense of ownership and belonging in their place of work
- Improves morale
- Enhances loyalty
- Helps build a supportive work environment
- Increases employee motivation
- Improves employee retention

MyPURPOSE includes integrated employee recognition badges and feedback as part of the performance module. A digital badge and supporting comments, if desired, can be awarded to any user by any other user in the system: peer-to-peer, manager-to-employee, or employee-to-manager. Additionally, employees receive recognition upon completion of courses in the learning module, referred to as CommonwealthU.

MyPURPOSE Recognition Badges include:

APPRECIATION BADGE

ABOVE & BEYOND BADGE

ROCKSTAR BADGE

TEAM PLAYER BADGE

GENIUS IDEA BADGE

EXCEPTIONAL LEADER BADGE

EXCELLENCE BADGE

PROBLEM SOLVER BADGE

For training recognition, there are two recognition badges. One is awarded upon completion of courses offered and/or instructed by the Personnel Cabinet's Office of Diversity, Equality and Training (ODET). The other badge, CommonwealthU, is automatically assigned to employees when they complete a CommonwealthU online training course – a selection of 1300+ courses covering topics including technology, personal/ professional development, health/wellness, foreign languages, and more.

MyPURPOSE Learning Badges:

Employees are able to view their badges via MyPROFILE. Each type of badge earned is individually displayed, including a display count when a badge has been awarded multiple times. Additionally, a total count of all badges received is reflected in the top right corner.

MyPURPOSE Feedback:

Feedback can be provided to a user, and users can also request feedback from others. This functionality provides further employee recognition opportunities as well as facilitates documentation for performance plans and evaluations.

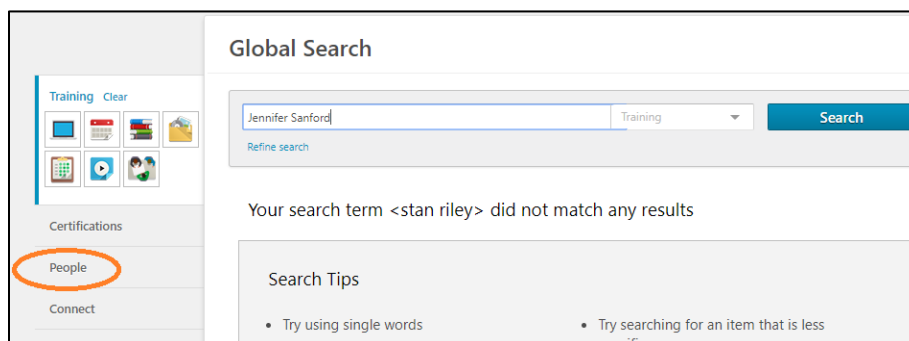

How to Award a Badge:

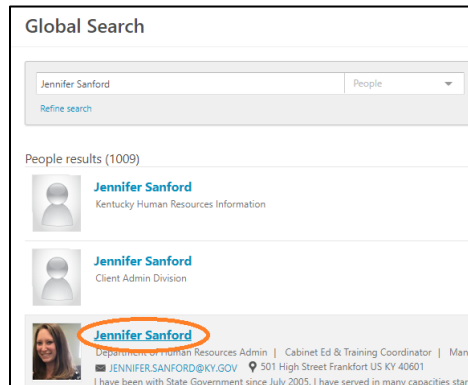

- Search the user name in the Global search box

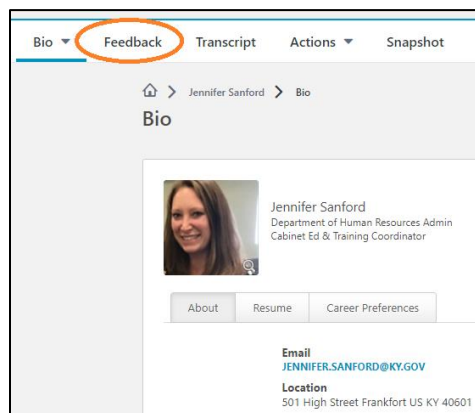

- Select People

- Select the appropriate user name

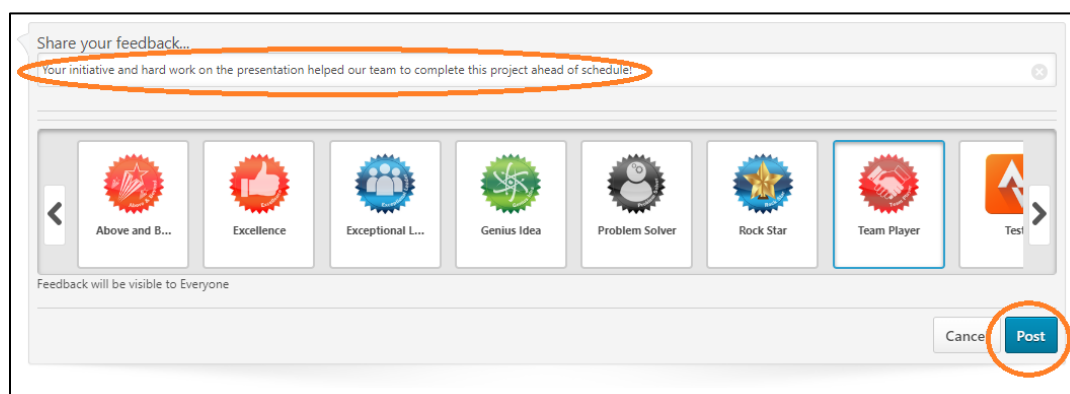

- Select the Feedback tab

- Select the Badge icon

- Select the appropriate badge, personalize the badge with a detailed comment and post

- Badges appear under a user's Snapshot
